---------------	-------------

Records of foreign market security trader

We calculate the price for keeping records daily from the current value of the property. For the purpose of calculating the recordkeeping price, securities are valued at market price, if available, otherwise they are valued at nominal value. If investment instruments are kept in the register in different currencies, the prices for keeping the register are calculated separately for each currency. We charge the amount for record keeping every quarter in CZK in aggregate for all investment instruments, unless there is an agreement on conversion to another currency.

European and other markets in EUR	0.015 % quarterly, min. EUR 2.00
United Kingdom in GBP	0.020 % quarterly, min. GBP 2.00
Switzerland in CHF	0.020 % quarterly, min. CHF 2.00
USA and other markets in USD	0.015 % quarterly, min. USD 2.00
Poland	0.045 % quarterly, min. PLN 5.00
Japan	0.020 % quarterly, min. JPY 300

Foreign bonds

Bonds in EUR	0.017 %, min. EUR 2
Bonds in USD	0.048 %, min. USD 2
Bonds in CZK	0.017 %, min. CZK 50

From 1 January 2024, the price for keeping records of foreign market security trader is added to the price for keeping investment instruments of the type Publicly Traded Partnerships (PTPs) of USD 50 per quarter (regardless of the number of investment instruments of this type kept in the records for the client).

Buy-back of mutual funds units

Based on sales information.

Switching of mutual funds

Switching to a target fund with a higher sales arrangement fee

difference between sales fees of the subject funds

Switching to a target fund with a lower or an equal sales fee

free of charge

Mutual fund units can only be transferred within one investment company, and only for EAM AT, EAM CR, REICO, HSBC, NN. Exchanges between different investment companies are only possible between EAM CR and REICO. The switching price is calculated from the difference in the purchase price of the unit certificates.

Follow-up record of ČS

We calculate the price for keeping records daily from the current value of the property. For the purpose of calculating the recordkeeping price, securities are valued at market price, if available, otherwise they are valued at nominal value. We charge the amounts quarterly. The minimum price for keeping securities on an asset account is CZK 25 per quarter.

Records of foreign market security trader	
We calculate the price for keeping records daily from the current value of the property. For the purpose of calculating the recordkeeping price, securities are valued at market price, if available, otherwise they are valued at nominal value. If investment instruments are kept in the register in different currencies, the prices for keeping the register are calculated separately for each currency. We charge the amount for record keeping every quarter in CZK in aggregate for all investment instruments, unless there is an agreement on conversion to another currency.	
European and other markets in EUR	0.015 %, min. EUR 2.00
United Kingdom in GBP	0.020 %, min. GBP 2.00
Switzerland in CHF	0.020 %, min. CHF 2.00

1.11 Investment services within Investing PLUS

The prices stated in this point (uniform price of Investing PLUS and prices for transfers of investment instruments from the records of Česká spořitelna) apply to investment services provided on the basis of the Agreement on Investment Services (Investing PLUS), the Agreement on Investment Services (Investing PLUS and telephone submission of instructions via investment brokers) or long-term investment product contracts (Investment PLUS).

The uniform price of Investing PLUS means the price for keeping records and managing investment instruments in the asset account.

The uniform price of Investing PLUS is charged for a given calendar month always at the end of the given month. The amount of the uniform price is set as an annual rate of 0.99% of the arithmetic average of the daily closing values of the investment instruments in the investment instruments asset account (closing value).

Daily closing value means the closing or last known price of investment instruments at the end of the trading day as provided by the individual markets or investment firms.

The minimum amount of the unified price is CZK 29 per calendar month. The minimum price of CZK 29 is not charged if no investment instruments are registered in the asset account.

In the month for which we charge you the unified price of Investing PLUS, **we will not charge you:**

- the price for arranging any number of trades* on the basis of your one-off orders placed as part of investment advice**
- and, in a limited number, the price for taking trades without investment advice made on the basis of one-off instructions and the price for taking trades made on the basis of regular investment instructions. In this case, in a given calendar month, we will monitor **the number of one-off**

instructions entered without investment advice (while it is no longer decisive whether a trade will be procured based on such an instruction entered) and **the number of trades procured based on instructions for regular investment**.

As long as the sum of orders placed and trades placed in a given month is less than or equal to 10, we will not charge a price for placing the trade. If the sum is greater than ten, the price for 11 and each subsequent trade will be governed by the relevant section of the Investing Price List.

*In this part of the price list, procured trade means:

1. an executed instruction to buy, sell or exchange any investment instruments or fractions thereof
2. an executed instruction to subscribe for investment instruments
3. arranging or early termination of a premium deposit
4. executed instruction to buy, sell or exchange investment instruments as part of regular investing

**Investment advice means the provision of an individualised recommendation of Česká spořitelna to the customer regarding a transaction with a specific investment instrument. The fact whether the instruction was placed on the basis of investment advice provided by Česká spořitelna is stated in the instruction.

In the month for which we charge you the Investing PLUS flat rate, we **will always charge you** :

- the prices of third parties for services in the settlement of instructions or delivery fees, as well as other prices and costs such as transaction tax, stamp duty, brokerage, penalty fees, collection of securities income - these costs cannot be influenced by Česká spořitelna and will therefore always be charged
- prices for transfers of securities listed and unlisted on the regulated market of the Prague Stock Exchange from the records of ČS to the records of another securities dealer or to the records of the Central Securities Depository Prague. The price will be charged at the rate of 0.50% of the current value of the transferred securities, minimum CZK 800 per ISIN, maximum CZK 10,000 per ISIN; for other transfers, the price will be governed by the relevant section of the Investment Price List.

Prices are quoted in CZK.

For foreign currency accounts prices are shown in CZK but they are collected in respective foreign currency equivalent. A price which corresponds to its maximum / minimum amount or a fixed price is converted against the rate of the Czech National Bank valid on the fee maturity / charge date. Prices charged as a percentage rate are converted against the trading rate of ČS, a.s., valid on the transaction maturity / fee charge date.

Apart from the fees for services specified in the List of Charges, also other expenses (e.g. expenses of other banks and institutions) are charged. The fees are paid in cash during the provision of services or debited to the applicable account, however, such fees shall be settled not later than upon account closing and / or at the end of the year. Upon request, Česká spořitelna shall issue a receipt for fees paid in cash.

Additional fees charged for services provided by Česká spořitelna, a.s., are detailed in other parts of the List of Charges.
